

SmartLook

Software for centralized monitoring and management of fire-detection and intrusion-control systems

The modularity of the software makes it the best choice for both industrial and commercial applications, such as hotel receptions, conference halls and shopping centres, for monitoring the status of the system and interacting with it. A typical application is the monitoring of several installations located in different buildings or even different places, thus centralizing the management of a distributed system in a single workstation.

The flexibility of the system allows not only the monitoring of all types of fire control panels (addressable and conventional) but also that of SmartLiving series anti-intrusion control panels. In fact, thanks to the easy-to-understand user interface, this software also finds important applications in the home-automation field.

The software uses graphic maps linked together in a tree structure. An arbitrary number of objects can be inserted on each map, such as monitoring elements (detectors, zones, outputs, bells, etc.), links to another map, links to web pages (web interface of a VCR) or execution command buttons. There are also simple self-diagnosis functions that allow verification of the status of communication between software, control panels and devices.

The operator can interact with the system in real time, making it possible to check the status of the detectors, carry out reset, bypass and output activation operations, etc., as well as check instantly the structure thanks to the integrated video function which allows the connection to cameras and DVRs with web interface on the IP network.

The SmartLook software is capable of importing the system configuration by reading it directly on the control panel, or importing it from the database of the SmartLeague, Prime/STUDIO and Previdia/STUDIO software, thus reducing programming time considerably.

CLIENT LICENCES

SMARTLOOK/F01L

"Lite" Fire Licence – Licence for the management of one Previdia, SmartLoop or SmartLine fire-detection control panel. Non-expandable licence.

SMARTLOOK/F01E

Licence for the management of one Previdia, SmartLoop or SmartLine fire-detection control panel. Expandable licence.

SMARTLOOK/F02E

Licence for the management of two Previdia, SmartLoop or SmartLine fire-detection control panels. Expandable licence.

SMARTLOOK/F05E

Licence for the management of five Previdia, SmartLoop or SmartLine fire-detection control panels. Expandable licence.

SMARTLOOK/F10E

Licence for the management of ten Previdia, SmartLoop or SmartLine fire-detection control panels. Expandable licence.

SMARTLOOK/I01L

"Lite" Intrusion Licence – Licence for the management of one intrusion-control panel from the SmartLiving series. Non-expandable licence.

SMARTLOOK/I01E

Licence for the management of one intrusion-control panel from the SmartLiving and Prime series. Expandable licence.

SMARTLOOK/I02E

Licence for the management of two intrusion-control panel from the SmartLiving and Prime series. Expandable licence.

SMARTLOOK/I05E

Licence for the management of five intrusion-control panel from the SmartLiving and Prime series. Expandable licence.

SMARTLOOK/I10E

Licence for the management of ten intrusion-control panel from the SmartLiving and Prime series. Expandable licence.
